FREIGHT FORWARDING AIR & OCEAN

With Danko's widely spread global network across more than 90 countries, we are capable of providing our clients door to door freight forwarding solutions by air as well as ocean in a most economical way keeping in mind our client's needs . We do design customized air and ocean freight solutions across the world keeping in mind global compliance requirements of respective countries involved at origin as well as destinations.

FREIGHT FORWARDING OF PROJECT & BREAK BULK CARGO

When it comes to project & break bulk /ODCs movements globally by air and ocean , Danko's experienced dedicated project team designs the best movement plan and executes it to perfection keeping in mind our clients needs at the optimum costs.

WAREHOUSING & TRANSPORTATION

Danko's 3PL team is capable of providing warehousing and transportation services to our clients as per their requirements not only in India but abroad as well through our widely spread global network in more than 90 countries .Our solution design team can design tailor-made solutions keeping in mind our valued clients' requirements

CUSTOMS CLEARANCES & BROKERAGE

For air and ocean freight forwarding solutions, Danko has its own in-house CHA license and well experienced dedicated customs team who is well qualified in all types of clearances (imports and exports) while ensuring customs compliance. The advantage that our clients get from our in-house customs brokerage team is that we can have complete control on air and ocean shipments when the cargo moves from origin to destination. Thus we are able to offer single window solutions to our valued clients.

COASTAL BREAK BULK CARGO MOVEMENTS

With the rapid growth in coastal movements ex- Gujarat to South , West and East India , we are capable of providing coastal break bulk cargo movements including the stevedoring and clearance activities at origin and destination ports . This helps our clients to cut costs & transit time substantially as compared to normal road movements which has its own constraints.

MULTIMODAL CARGO MOVEMENTS

Danko's multimodal team well understands many of its clients' needs to move shipments from origin to destination within India and abroad by using air/ocean /road/rail/coastal mode movements and with this, our clients can easily eliminate the need of involving multiple service providers for multimodal movements involved in such shipments.

CUSTOMS REFUNDS & CONSULTATIONS

When it comes to customs refunds and matters relating to customs compliances, it becomes very difficult task for many clients to focus (leaving away their core competence) due to stringent and complex requirements of concerned authorities under the Indian Customs Act 1962 . Danko's highly experienced and qualified team in Customs domain well understands the rules and regulations of Indian customs Act and helps our client get visibility and clarity on complex logistics situations including realization of refunds in a timely manner from customs authorities in India.

DGFT/EXIM POLICY LICENSES / AUTHORIZATIONS SOLUTIONS

Many of our valued clients are not able to dedicate required manpower, time and efforts in interacting with Director General of Foreign Trade (DGFT) offices in Gujarat leaving away their core activities as these requires focused effort legal compliance . We provide liasioning services with DGFT offices and help our clients get their authorizations/licenses for imports and exports in a timely manner at a very reasonable charge by ensuring complete compliance with EXIM Policy of Govt. of India.
